REPORT ON THE ADMINISTRATION

OF

THE STATIONERY DEPARTMENT

FOR THE OFFICIAL YEAR

1883-84.

Calcutta:

PRINTED AT THE BENGAL SECRETARIAT PRESS.

1884.

No. 486*B.*

FROM C. E. BUCKLAND, ESQ.,

Offg. Secretary to the Board of Revenue, L. P.,

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL,

FINANCIAL DEPARTMENT.

Dated Calcutta, the 25th July 1884.

STATIONERY.

SIR,

I AM directed by the Board of Revenue to submit the following report on the working of the Calcutta Stationery Office during the past official year 1883-84 so far as the transactions affect the Government of Bengal, together with the usual statements A to D noted below:—

H. A. COCKERELL, ESQ., C.S.I.

A.—Comparative statement showing the quantity and value of each article of stationery issued in the years 1882-83 and 1883-84.

B.—Comparative statement of the charges on account of the total issues of stationery, contingencies, establishment, local purchases, and receipts for the year 1883-84.

C.—Statement showing the quantity and cost of country paper (Bally, badami, moonj, white bleached, white cartridge, half bleached and brown cartridge, coloured, arsenicated, and white blotting paper) and envelopes issued in 1883-84 in place of English paper and envelopes of the same size and description, and the saving effected thereby.

D.—Comparative statement showing the increase and decrease of the total value (not being less than Rs. 100 per annum) of stationery supplied to each office under the Government of Bengal.

2. Before noticing the results shown in statement A, it is to be observed that in the years 1881-82 and 1882-83 the value of stationery entered in this statement represented the actual cost of the stores paid in India under the local contract system, whereas the rates assumed for valuation and comparison in the year under report are those which have been taken from the invoices since received from the Secretary of State, and have been calculated by the Superintendent of Stationery according to the orders of the Government of India, No. 983, dated 16th February 1882, to the address of the Comptroller-General, at Rs. 12 for each £ sterling *plus* 10 per cent. on account of charges for freight, packing, establishment, &c. This change in the mode of valuation shows a material reduction in the value of stores received from England, as the instances noted in the margin will show, and also makes a considerable difference in all items where large quantities are concerned. Besides, the change under notice and the great variation in the invoice rates render it impossible either to present a perfectly true comparison, such as would be obtained if all articles were procured as in the years 1881-82 and 1882-83 on the spot, or to indicate where the decrease is justly due to a

	1882-83. Rs. A. P.	1883-84. Rs. A. P.
Printing paper Royal, 25 lbs. per ream.	5 4 0	4 4 0
Writing paper cream-wove foolscap, 14 lbs per ream.	4 12 0	4 4 0
White cartridge paper royal, 40 lbs. per ream.	13 12 0	10 8 0

fall in market prices. The Superintendent, moreover, states that, while the adjustment as regards exchange is correct, the additional 10 per cent. is hardly sufficient to cover all incidental expenses which he estimates at about 15 per cent.

3. *Statement A*—exhibits the total quantity and value of each article of stationery issued from the Calcutta store to offices in Bengal, as well as to the Government of India and other provinces. According to this statement, there has been a net decrease of Rs. 61,566 in the total value of stationery issued in 1883-84 as compared with the issues of the preceding year. The result is satisfactory, as the quantities issued during the past year were generally much greater than those of 1882-83. From the abstract statement given below which shows the fluctuations in the value of issues as regards each class of article, it will be seen that the net decline above referred to was due to the large decreases noticeable under the heads of printing paper, coloured paper, and book-binding materials :—

Class of articles.	Value of issues in 1882-83.	Value of issues in 1883-84.	Increase.	Decrease.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

Net decrease ...	.....	.....	.....	61,566 8 5

4. The following explanations have been submitted by the Superintendent of Stationery regarding the items of increases and decreases shown in the foregoing statement :—

(1.) The increase under the head "drawing paper" amounts to Rs. 5,776, and is chiefly due to the demands of the State Railway offices and the new extensions under construction, as well as to the special requirements of the Quarter-Master-General, Intelligence Branch, the Army Signalling and Field Telegraph Departments, and the Surveyor-General.

(2.) In "writing paper" there was an increase of Rs. 19,030, owing to the increased demands of the public service generally. The only other reason assigned by the Superintendent for the increase is that in 1882-83, the value of the issues under this head was shown to be Rs. 3,93,816, while the amount for that year taken for comparison in the present report is less by Rs. 11,333, which represent the value of certain items which have been re-arranged and transferred to other heads to which the amounts more properly belonged. The more extensive use of country white cartridge paper has somewhat contributed to keep down the increase in value.

(3.) The decrease under the head "printing paper" was very considerable, viz., Rs. 1,80,269, in consequence of the change in calculation of rates, referred to in paragraph 2 of this report, and on account of a reduced consumption of 11,803 reams which were displaced by the country-made badami or buff paper and by the white paper produced for the first time during the year under review at the Bally Mills, of which 1,580 reams were supplied. The following table compares the value of English printing paper issued to the several Government presses during the past two years, and shows a

diminution both in quantity and value to the extent of 9,818 reams and Rs. 1,42,887 respectively:—

Presses.	Issues in 1882-83.		Issues in 1883-84.		Increase.	Decrease.
	Quantity in reams.	Value.	Quantity in reams.	Value.		
		Rs.		Rs.	Rs.	Rs.
Government of India...	18,390	1,07,498	23,458	1,15,906	8,408	.....
Ditto Bengal	19,043	1,18,863	20,368	91,539	.....	27,324
Ditto North-Western Provinces and Oudh ...	12,617	62,922	7,850	30,675	.....	32,247
Ditto of Punjab	3,072	16,592	845	5,579	.....	11,013
Ditto Central Provinces...	860	4,110	595	2,419	.....	1,691
Ditto Assam	305	1,352	410	1,549	197	.....
Ditto British Burmah	3,804	25,619	4,205	20,662	.....	4,957
Postal Press, Aligurh	9,962	78,418	504	4,158	.....	74,260
[Total ...	68,053	4,15,374	58,235	2,72,487	8,605	1,51,492

The North-Western Provinces, Punjab, and Alighur Postal Presses consumed considerably less than in 1882-83. The Government of India and Bengal Presses received much more, but there is an increase of cost apparent only in the India Press, to which the issues exceeded the previous year's supply by 5,068 reams. The Superintendent observes that it is a promising sign that country paper has been more extensively resorted to by all the presses except by the Bengal or Presidency Jail Press, which is owing to a fewer number of stock forms having been printed. Both hand-made and blue laid paper have, it is said, been taken in smaller quantities, but cream-wove paper has been more largely used, especially by the Government of India Press. The Superintendent of the Government Press, North-Western Provinces and Oudh, obtained his supply of country paper by indent on the Calcutta Stationery Office instead of procuring it directly from the mills as before.

(4.) As in the previous year, there has been a marked decrease in the consumption of "coloured paper," being Rs. 14,527 less than that of the previous year. The steady decrease during the two years, viz., 1882-83 and 1883-84, is attributable chiefly to the reduced demands of the Postal Press, Alighur, and the Government Press, North-Western Provinces and Oudh.

(5.) "Binding paper" shows a decrease of Rs. 3,182, or more than 44 per cent., as marble-paper has been less employed for covers of books in consequence of ordinary coloured paper and badami paper having been substituted more economically for books of forms.

(6.) Under the heading "other paper," there has been an increase of Rs. 11,414. It was principally due to larger supplies of carbonic paper to the Telegraph Department and of brown super-royal 120 lbs. to the Aligurh Press, and also to the larger consumption of 40 lbs. brown super-royal and royal and 30 lbs. royal for packing purposes, and of 60 lbs. brown flat demy for covers of records by the Revenue and Judicial officers of the North-Western Provinces. The Superintendent adds that the practice introduced into many offices of recording papers in full foolscap size, unfolded, has led to requisitions for various descriptions of thick paper for docket sheets.

(7.) Simultaneously with the increase in "drawing paper" there has been an increase of Rs. 4,629 in the value of "drawing materials" issued during the year under review. In 1882-83 the value was shown to be Rs. 29,146, but in the statement now under notice it has been reduced by Rs. 376 owing to the transfer of certain articles to other heads.

(8.) The increase of Rs. 11,581 under the head "writing materials" is due, as in the case of writing paper, to the increased demands of the public service. The amount shown against this heading under column 1882-83 in the present statement also does not agree with that shown in the report for that year, owing to Rs. 2,449 having been since added to the figures on account of transfers made from other heads.

(9.) *Book-binding materials.*—The value of the issues under this head was shown in the report for 1882-83 to be Rs. 1,00,784-12-6,

which is less than the amount entered in the present statement A by Rs. 13,007-4-3. The difference represents the value of articles transferred from other heads. The actual decrease therefore amounts to Rs. 22,798, and is chiefly the result of the demands for leather, mill-boards, paste-boards, and straw-boards having been only partially complied with during the year, owing to the difficulty experienced by the Superintendent in procuring these articles in the local market. A part of the decrease is also due to the saving of Rs. 2,056 effected by the introduction, except in the higher offices, of cotton thread in the place of silk thread.

(10.) The value of "bound books" has been minimized by the larger issue of country bound-books, but it has nevertheless increased by Rs. 2,558 owing to the increased demands of the public service.

(11.) The value of "miscellaneous articles" issued during the year under review is almost the same as that of the previous year. Red tape, both English and country made, had to be supplied in larger quantities to meet unsupplied indents of the previous year, but wax cloth, corba cloth, and parchment were issued in less quantities, while many requisitions for sealing wax and scissors remained unsupplied, as these articles were not procurable in the market in quantities sufficient to meet demands.

(12.) "Printing materials" and "copying press materials" exhibit increases of Rs. 5,321 and Rs. 7,040 respectively. As the expenditure under the former head is steadily increasing, it has been separately shown in the statement under review. The articles in which the increases are most apparent are press copying books (taken in larger numbers by the Manager, Rajputana and Malwa Railway), copying ink, and facsimile transfer paper foolscap.

(13.) There was a considerable increase in the issues of "water-marked paper" used with adhesive court-fees stamps. The quantity and value of the paper issued in excess during the year of report were reams 4,362 valued at Rs. 34,101. This is satisfactory, as the paper which is sold to the public at one pice per sheet yields a profitable return. The increase of Rs. 536 shown against "water-marked paper" used for bills-of-exchange does not require special notice.

The expenditure of cartridge paper (white and brown), buff paper, arsenicated paper, &c., of country manufacture will be noticed below in connection with the results shown in statement C.

5. *Statement B.*—This statement shows in one view the entire charges and receipts of the Calcutta Stationery Office during the past two years. The expenditure under the first head, "issue of stationery," agrees with the totals given in statement A, and requires no further remarks. The figures under the head "local purchases" exceed those of the year 1882-83 by Rs. 90,267-11-3. Under country articles there was an increase of Rs. 76,605-8-5, and under English articles purchased in the market there was an increase of Rs. 13,662-2-10. The system of obtaining supplies through the Secretary of State having been reverted to, English articles are no longer procured under contract. The larger issue of country papers and the local purchase of English mill-boards and of the various kinds of special articles for which applications were submitted to Government from time to time account for the increases noticed above. The country articles were obtained, as in previous years, under regular annual contracts for which tenders were invited at the beginning of the year. The Superintendent has reported that exclusive of paper the articles of country manufacture or produce noted in the margin were purchased by him during the past year, and has offered the following remarks on the subject:—

Cloth, kharoca	...	700 pieces.
„ corba	...	2,149 „
Glue ...	...	6 mds.
Gum, Arabic	...	56½ „
Ink, black, powder		76,739 bndls.
„ „ fluid	...	9,120 botls.
„ registration	...	444 „
„ condensed	...	700 „
„ blue black	.	224 „
Ink-pots, glass	...	5,853 No.
Inkstands, wooden		1,710 „
Knives, desk	...	600 „
Sheep skins, coloured		3,693 „
„ uncoloured		38,466 „
Calf skins, white	...	10 „
„ coloured	...	106 „
Mill-boards	...	722 Cwt.
Straw „	..	496 „
Paste „	...	28,000 No.
Paper-weights, lead		7,004 „
Rulers	...	1,397 „
Scissors	...	1,908 „
Sealing-wax, red	...	58½ mds.
Tape, red	...	31,910 bndls.
Thread, silk	...	10 mds.
„ cotton	...	12½ „
Wax-cloth	...	11,883 pieces.

"Every encouragement has been held out to induce a larger competition for articles that may supersede the English supplies, but except to a very limited extent, it has been found impossible to obtain stores, such as knives, scissors, glass ink-pots and gum-pots, rulers, and paper-cutters of suitable quality; so difficult is it to implant new industries in the country unless undertaken on a large scale by Europeans.

"There was a reasonable prospect of mill-boards and straw-boards being made, but owing to want of capital and the rapacity of those who advanced it, a Frenchman who made the attempt has met with little success. The Bally Mills Company have some intention of taking up the enterprise, and I have also received proposals from another trader, which will be submitted in due course.

"Paste-boards have been more successful, and are being supplied in large numbers.

"The manufacture of calf and morocco leather for binding is also one that is deserving of attention, but has hitherto attracted little notice. A tannery company in Calcutta have lately been making experiments to produce the article.

"Paper is an article the manufacture of which is extending and improving, and with a fair amount of competition, is likely to make India independent of English paper of the lower qualities. White printing paper has been introduced of very fair texture and colour, and a portion of the issues of both the *Calcutta* and *India Gazettes* have lately been printed upon it.

"Full stocks of English paper prevent its use more largely at present, but the provision of paper from England has been reduced in the indent for 1885-86.

"In addition to the Bally Mills, the Lucknow and Scindia Mills have partially supplied paper to Government during the past year."

6. In the orders of Government noted in the margin, the Superintendent of Stationery was directed to make further efforts to secure the supply of the following articles from local manufacturers:—

No. 86, dated 7th December 1883.
No. 789, dated 11th February 1884.
No. 22T.F., dated 18th March 1884.

1. Wooden rulers.
2. Ditto penholders.
3. Scissors.
4. Penknives.
5. Paper-slices.
6. Silk head-bands.
7. Cotton thread.
8. Ball thread.
9. Page-cord.
10. Red tape.
11. Ink-glasses.
12. Colour slabs and saucers.
13. Mill-boards.
14. Straw-boards.
15. Paste-boards.

Mr. Ryland has since reported that he has been able to enter into contract for the articles numbered 1, 3 to 5, 10, 11, and 13 to 15. He has, however, stated that he cannot at present altogether depend upon country supplies, and that it will be necessary to keep some stock of the English articles which will be gradually discontinued as greater certainty in the Indian production is attained. The Superintendent has also recently succeeded in obtaining a small quantity of cotton thread, Dacca twist, and page-cord from the Bombay mills on trial.

7. Except the addition of the Store Examiner's Department, which was sanctioned by Government in orders No. 902T.-F., dated 6th June 1883, and which has caused an increase of Rs. 1,923-10-11, there were no other changes in the Superintendent's establishment. A decrease of Rs. 1,840-10-6 is noticeable in the salary of the Assistant Superintendent in consequence of the absence on leave of the permanent incumbent. A proposition for re-organizing the establishment has been submitted by the Superintendent, and is now under the consideration of the Board.

8. The charges on account of contingencies show an increase of Rs. 7,694-12-5. This excess charge has been ascribed chiefly to the freight paid for sending large quantities of paper direct from the mills to Burmah and the Allahabad Press, which formerly used to be paid by the indenting officers, and also for 90 cases of water-marked paper wrongly indented for, and returned from, Sylhet.

9. A larger amount of rent, viz., Rs. 1,883-12, against Rs 416-11-6 in 1882-83, was also paid during the year on account of hired godowns, and Rs. 1,800 on account of new godown horses. The entire expenditure on account of establishment and contingencies during the year amounted to Rs. 64,343, or 3·9 per cent. of the total value of stores issued.

10. The receipts from stationery sold to officers not authorized to receive supplies free of charge amounted to Rs. 32,260-13-9, of which Rs. 2,932-12-11 represents the commission of 10 per cent. which is usually charged in such cases.

These sales are steadily increasing, being in excess of the previous year by Rs. 2,171-9-4.

The amount realized from the sale of unserviceable stores, such as waste paper, canvas, iron hoops, obsolete forms, &c., exhibits a decrease of Rs. 192-7-9, which is due to a smaller disposal of zinc linings and waste paper.

11. *Statement C.*—This statement contains particulars of the quantity and cost of country papers and envelopes issued during the years 1882-83 and 1883-84 and the probable saving effected by the issue of these articles in place of those of English manufacture. The different descriptions of country paper supplied were badami or buff, white bleached, white cartridge, half bleached cartridge, brown cartridge, coloured (yellow, red, or pink), white blotting, and arsenicated. Most of these papers were obtained from the Bally Mills, but a portion of the supply was also procured, as already stated, from the Lucknow and Scindia Mills. Arsenicated paper prepared at the Cuttack Jail was received to the extent of 2,495 reams at a cost of Rs. 5,026, but the quality was not satisfactory, and the difficulty about shipment and delivery was also great. The total cost of the several kinds of Bally and other papers and envelopes was Rs. 3,46,226-2-4 in the year under review, as compared with Rs. 2,77,204-9-9 in the preceding year, and the advantage gained with reference to the value of English papers, and envelopes displaced is Rs. 41,566-6-9.

12. In September 1883, a complaint was made by the Collector of Chumparun with reference to certain country-made envelopes, which were supplied to him by the Superintendent of Stationery, for demi-official correspondence, and were not found suitable for the purposes of such correspondence, on account of bad workmanship and material and the transparency of the paper. The Board's remarks on the subject were submitted to Government with this office No. 165B, dated 14th March 1884, and from paragraph 7 of the Board's letter No. 373B, dated 5th June 1884, it will be seen that a further report from the Superintendent of Stationery is at present awaited.

13. *Statement D.*—It will be seen from this statement that the total expenditure for stationery supplied to officers under the Government of Bengal amounted to Rs. 3,44,728-5 in 1883-84, against Rs. 4,95,701-3 in the previous year, showing a net decrease of Rs. 1,50,972-14, the details of which are given below :—

Departments.	1882-83.	1883-84.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Law and justice	20,821	20,495	.....	326
Administration	7,500	7,232	.....	268
Registration	3,709	3,140	.....	569

Provincial State Railways	6,823	10,416	3,593	.....
Medical	755	884	129	.....
Public Works Cess	319	382	63	.....
Vernacular Department	512	942	430	.....
Total ...	4,75,803	3,30,924	6,094	1,50,973
Officers below Rs. 100	12,557	13,804	1,247	.....
Officers above Rs. 100 in 1882-83, but below that sum in 1883-84 not included	7,341	.....	.....	7,341
Grand Total ...	4,95,701	3,44,728	7,341	1,58,314

The chief decrease amounting to Rs. 1,48,291 occurred in "stationery and printing," and the Superintendent of Stationery ascribes it to the lower computation of prices referred to in paragraph 2 of this report, and also to the smaller quantity of paper consumed by the Presidency Jail Press for

forms, of which 59 millions were printed against 86 millions in 1882-83. Except the increase of Rs. 3,593 in Provincial State Railways, the increases and decreases in the other departments or groups are insignificant, and do not require to be separately noticed.

14. The vernacular department includes offices supplied with stationery for which payment is made out of contingent allowances, and shows an increase of Rs. 430. The officers from whom indents for the department referred to were received, are the Collectors of Chittagong and Burdwan and the District Judges of Midnapore and Bhagulpore. By the officer last mentioned a smaller supply was taken, as the value of the articles supplied to him shows a decrease of Rs. 45-9. The increases against Midnapore and Burdwan amount to Rs. 40-5 and Rs. 4-6 respectively, and the Collector of Chittagong, from whom no requisition was received during the year 1882-83, indented for English stationery to the value of Rs. 431-11 for the use of his vernacular establishment. This fact accounts for the increase already mentioned. But it is to be observed that officers generally do not avail themselves of the advantage of procuring their supplies for vernacular departments from the Stationery Office to the desired extent.

15. The following is a comparative statement of the value of stationery issued for Provincial and Imperial Services respectively :—

Governments.	Value of stationery issued in 1882-83.	Value of stationery issued in 1883-84.	Increase.	Decrease.
Provincial Services.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

Imperial Services.				
Imperial Departments of the Government of India	7,19,404 1 0	7,23,349 1 0	3,945 0 0	.....
Grand Total ...	15,20,100 2 0	13,97,290 11 0	43,246 14 0	1,66,056 5 0

It will be observed that the value of stationery issued for Provincial Services has decreased by Rs. 1,26,754, and that for Imperial Services has increased by Rs. 3,945.

16. The following figures have been submitted by the Superintendent showing the number of forms (including books) printed and issued during the past two years :—

Year.	Number of indenting departments.	Number of standard forms.	Number of forms and books printed.	Number of indents received and complied with.	Number of forms, books, and special forms issued on indent.
1882-83 ...	42	6,058	86,823,349 (inclusive of 186,867 books).	6,583	57,650,597 (inclusive of 195,944 books).
1883-84 ...	49	7,085	59,376,563 (inclusive of 148,579 books).	~~6,145~~ 5,860	55,754,508 (inclusive of 189,506 books).

17. In the total number of forms printed during the year there has been a marked reduction in consequence of former stocks over-estimated having been brought into circulation. The issues also were more limited on the whole. It has been reported by the Superintendent that indents have been received and supplied with regularity in the order of the list and in accordance with the rules approved by Government in order No. 59, dated 16th November 1882, and that supplementary indents have to some extent been avoided which accounts for the reduced number of indents supplied; but in regard to the amount of work done by the form branch of his office, the Superintendent has remarked as follows :—

"There is nevertheless an increase of work by the making over of all the special forms for Presidency offices (which were formerly supplied direct from the Bengal Secretariat

Press) to this department under the order of Government No. 6 T. G., dated 5th October 1883, by which 1,686 items have been added to the list. The establishment, which was barely able to get through the work in a satisfactory manner before, has thus been in a great measure crippled, and arrears are again commencing which will necessitate some further assistance and improvement of the scale of pay, for which application will be made In order to dispense with unnecessary labour, the ledgers which were formerly kept up in minute detail for each kind of form have been dispensed with, and the two ledger-keepers have been employed in the more prompt compilation of indents from which requisitions are now made on the press and supplies are issued."

It is now premature to offer any opinion on the point raised by the Superintentent, and the whole subject will be fully considered by the Board upon receipt of his application.

18. The following figures show the amounts realized during the years 1882-83 and 1883-84, by the sale of Service Books, Excise account forms, applications for copies and for information, and other forms sold to the public, as well as the price of forms supplied to Local Funds:—

Receipts.	1882-83.	1883-84.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Sale-proceeds of Service Books and forms sold to the public ...	4,859	7,024	2,165	.....
Price of forms supplied to Local Funds	32,837	25,535	.....	7,302
Total ...	37,696	32,559	Net decrease	5,137

The total sales have declined to the extent of Rs. 5,137, because fewer forms were required for the Road Cess and Wards' Departments.

19. Under the orders contained in Government orders No. 559, dated 29th January 1884, the supply of forms to Municipalities and Unions has ceased from the 1st of April 1884.

20. On a representation made by the Conservator of Forests, the Government of Bengal in orders No. 1836T.F., dated 23rd September 1882, directed an enquiry to be made as to the suitability of the rules and the scale prescribed in 1866 for regulating the quantity of certain articles of stationery to be supplied on indent to different officers, and the Board were asked to report, after consulting Heads of Departments and other Executive Officers, whether any changes are called for in the quantities of stationery to be supplied. In accordance with the wishes of Government, the Board consulted the Superintendent of Stationery and all Commissioners of Divisions, as well as the Collector of Customs, Calcutta, and reported that no general revision is required in the rules of 1866. Certain modifications proposed by the Superintendent of Stationery in the supply to public officers of the articles of stationery mentioned in the margin were, however, recommended by the Board, and the Government in orders No. 1137T.F, dated 5th June 1884, have sanctioned the proposals.

Blotting paper.
Scissors.
Hones.
Rulers.
Paper-weights.
Inkstands.
Glasses for inkstands.
Paper-cutters.

21. Throughout the year under report Mr. W. H. Ryland has been in charge of the Calcutta Stationery Office, and has continued to give satisfaction to the Board.

I have the honour to be,

SIR,

Your most obedient servant,

C R Buckland

Offg. Secretary.

J. N. D.—Reg. No. 3189J—30—26-7-84.

A.
